

WHAT MAKES “THE BOX” SO SPECIAL?

- | | |
|----|--|
| 1 | Full top panel provides structural integrity, better countertop support, and is more hygienic |
| 2 | $\frac{3}{4}$ " cabinet thickness for a long-term structural rigidity with 300lbs. load bearing capabilities |
| 3 | Box is fully clad in our 3XM laminate soft-stone technology for ultimate durability |
| 4 | $\frac{5}{8}$ " back panel thickness rounds out the sturdiest of boxes |
| 5 | $\frac{3}{4}$ " shelf with metal locking mechanism ensures high load bearing strength over time |
| 6 | Undermount drawer glides are fully integrated and invisible, while equipped with self and soft closing |
| 7 | High gloss, aluminum drawer sides for elegance and strength |
| 8 | Extra tall drawer sides ensure contents remain secure and in place |
| 9 | 24" deep base drawers offer 20% greater storage capacity |
| 10 | Full extension drawers with 150lb. weight load provides more capacity than the industry norm |
| 11 | Superior engineering backed with a 25yr. warranty |
| 12 | CARB 2 Compliant, FSC Certified, NAUF + ULEF, and 100% Recycled Packaging |
